FRIDAY 6TH FEBRUARY 2009

5.30PM TO 8.30PM

Cockburn Lecture Theatre

2nd Floor,

Queen Elizabeth the Queen Mother Wing

St. Mary's Hospital, South Wharf Road, W2

Come and find out -

- How London's HIV services are planned and funded
- How you can get more involved
- What does a good HIV service look like
- Get feedback from a similar event held in South London last November
- What does the HIV Consortium and its sub groups do
- Ask your questions and get some answers!

A buffet and soft drinks will be available

St. Mary's Hospital is next to Paddington Main Line station, tube lines - Bakerloo, Circle, District (Wimbledon to Edware Road), Hammersmith and City.
Buses 7, 15, 23, 27, 36, 46, 205, 436 all stop nearby

The London HIV Consortium commissions (plans, buys and evaluates) over £200 million of hospital in and out patient care each year on behalf of London's 31 primary care trusts. There are 24 HIV clinics across London caring for over 27,000 people with HIV infection.

The HIV Consortium does not commission HIV prevention or community services, but may be able to pass on any concerns or questions to the people that do, or advise you who they are so you can contact them directly.
